

## MCERTS Bulletin 23

### MCERTS Certified Flowmeters

A list of all MCERTS certified products can be found on the Sira Environmental website at [www.siraenvironmental.com/mcerts/product.aspx?page=263](http://www.siraenvironmental.com/mcerts/product.aspx?page=263)

This page can be monitored and to email alerts sent when new certificates are issued or reissued. Please follow the instructions on the webpage.

A list of MCERTS certified flowmeters can be found on the following page [www.siraenvironmental.com/userdocs/mcerts/MCERTSCertifiedProductsCWMSPart3.pdf](http://www.siraenvironmental.com/userdocs/mcerts/MCERTSCertifiedProductsCWMSPart3.pdf)

There are now a number of flowmeters on the list for both open channel and closed conduit applications. The list is updated as soon as a new certificate is issued.
